Experience:

Jamey Tuggle is a Registered Roofing Observer and building enclosure consultant for Merik, Inc. As a building enclosure consultant, Mr. Tuggle has over (4) years of experience in roof system installation observations and roofing technical condition assessments. Jamey has observed both roof recovers and replacements involving most roofing system types, such as Modified Bitumen, Built-Up, Thermoplastic, and Standing Seam roofs. He has performed building enclosure investigations and ASTM diagnostic testing; below grade waterproofing reviews, window system testing; air barrier testing, slab moisture testing, and sealant pull testing. Jamey provided services to Architects, General Contractors, Developers, and Building Owners.

Prior to joining Merik in 2026, Jamey spent 4 years as a Senior Enclosure Staff Engineer at Terracon Consultants in Atlanta, Georgia.

Other Building Enclosure Consulting Services:

- Building Commissioning (BECx) Testing
- Special Inspections Testing
- Mock-Up Testing
